Hebron, NH 03241

Dear Gentlemen:

I am writing on behalf of the Spectacle Pond Association to update you on the status of construction.

Last week we received the wetlands permit and expect to receive both the construction and Army Corp. of Engineers permits within the next week.

We are very excited to report that we have succeeded in raising \$165,000 of the estimated \$213,000 to complete all three phases of the project. This leaves a remaining balance \$48,000 to be raised. The spillway (property of Colony of Forest Hills) will be constructed this fall with the dam and dike repairs scheduled for the fall of 2011 (as long as we are able to raise the required funds).

As you know, we received notice from the Water and Land Conservation Fund that we are not within the top tier for consideration for funding. We were very disappointed with this news.

We appreciate the Town of Hebron's financial support over the past two years. You had mentioned your willingness to include an appropriation for the 2011 town meeting to assist in the dike repairs. We will appreciate any assistance you are able to provide.

We also wondered if it might be advantageous to include a write up to include in the annual town report. Please let us know if this is something you would like us to draft, as we would be happy to do so.

Thank you for your consideration.

Sincerely,

Cindy Williams
