

TOWN OF HEBRON
TOWN OFFICES COMMITTEE MEETING MINUTES
AUGUST 12, 2014

PRESENT: Roger Larochelle, Trip Swartz, Patrick Moriarty, Paul Hazelton, Mark Coulson, Ellie Lonske

OTHERS PRESENT: Norman Larson, Architect (CPW Architects)

Meeting convened at 7:00 P.M.

Chair Roger Larochelle called the meeting to order, and stated that the purpose of the meeting was to meet with Norman Larson to review designs to bring to the community meeting on 8/28.

The first order of business was approval of the minutes of the meetings of 7/15. Trip moved; Mark seconded a motion to approve the minutes as written. Passed by unanimous vote.

Norman Larson then handed out and explained three possible designs: A) addition only to rear of building, B) two-story addition to west side, C) single story addition to west side. In each case, the present additions to the rear of the building would be reconfigured.

The committee members asked questions and made suggestions for slight changes to designs B and C, and rejected design A because it doesn't fully meet current program needs and provides no room for future needs. When the members of the committee were polled, design C (single story addition) drew the strongest support, but design B was not eliminated. Norman will modify design C to incorporate suggestions for maintaining the visual integrity of the Academy building as much as possible.

Mark Coulson pointed out the importance of energy efficiency. This will require further discussion as the design solidifies and is priced out.

Next meeting: Presentation to the community: Thursday, August 28th at 7:00pm

The meeting was adjourned at 9:00 p.m.

Respectfully submitted,

Ellie Lonske
