The minutes of the April 3, 2019 were reviewed finding no issues John Dunklee moved to approve the minutes as presented, seconded by Karl Braconier. The motion passed with all members voting in the affirmative.

Next on the agenda was the removal of the two trees on George Road. Ben Hall approached the town to cut down two trees that were damaged by repairs done to the road and the plows in the winter months. In the absence of the road agent, David Jaques talked about the trees that were pretty much dying because the roots have been damaged.

After some discussion a motion was made by John Dunklee and seconded by Mitch Manseau to approve the removal of the two trees; one big pine tree that is dying and an oak tree that has been hit by plows; as flagged by Ben Hall, the town's Road Agent. The motion passed with all members voting in the affirmative.

Sam Comeau property located a 126 North Mayhew Tpk attended the meeting looking for help with a building permit to place a new home on this property. Currently there is a building and some sheds that will torn down and the new building put in its place. He was told to fill out the building permit and the compliance officer would contact him if there were any issues. He needed to be sure that he remained in the set back as required by town ordinance.
