4. Administrative Matters and Announcements

The meeting was called to order by Ivan Quinchia at 7:07 p.m. The first item on the agenda was a review of the minutes. A motion was made by Chuck Beno to accept the minutes with the change of date of the September meeting. Patrick Moriarty second the motion with all voting in favor.

Ivan introduced Don Musial, the new Compliance Officer to the rest of the Board.

Current regulations do not cover ground mounted solar panels and there was discussion that there should be something in our regulations to cover this. Roger Larochelle felt that solar arrays were important as an option to other energy sources, and felt that somethings should be addressed in our regulations. Placement on the lot, noise levels and how much energy will be produced to the land owner. It was decided that the committee should add an appendix similar to the small wind energy systems so they will work toward writing something up to be presented to the Planning Board for approval.

With no further business to be discussed, Karl Braconier moved to adjourn and Chuck Beno seconded. Motion passed unanimously. The meeting adjourned at 7:49 p.m.

Respectfully Submitted:

Carol A. Bears, Secretary
